

Excalibur Sires **ALL NEW** Young Sire Sampling Program

**Excalibur Sires' new Young Sire Sampling Program
now has the best of both worlds!**

*Superior young sires and incredible benefits
to dairy producers who use them.*

Excalibur
Sires of Excellence

1. Dairy producers receive \$10.00 for every calf that has calving ease reported to DRPC. Must be within the first 230 calves born. Maximum of 5 calvings reported per herd, per young sire for credit.
2. Dairy producers receive \$75.00 for every milking daughter. Daughters must be within the first 100 to appear within the bull's milk proof. Maximum of 2 daughters per herd.
3. Dairy producers will receive an added benefit of **free type classification** of Pinnacle daughters along with herdmates (SET). Excalibur Sires will pay Holstein Association directly.
4. All young sires, apart from the Purple Rosette Young Sires, qualify under this program.
5. Benefit payment must be applied as semen credit towards Excalibur Sires owned bulls. Only herds enrolled in the Pinnacle Point progeny test program will be allowed these benefits. Benefits will be realized twice each year, January & July. Benefits may be changed at any time without prior notification.

Please fill out form below and return to your Excalibur Sires Breeding Advisor.

Owner agrees to the above terms and also agrees to release all production data and/or type scores to Excalibur Sires.
